

2019

TRUSTED INNOVATION. INSIDE & OUT.™

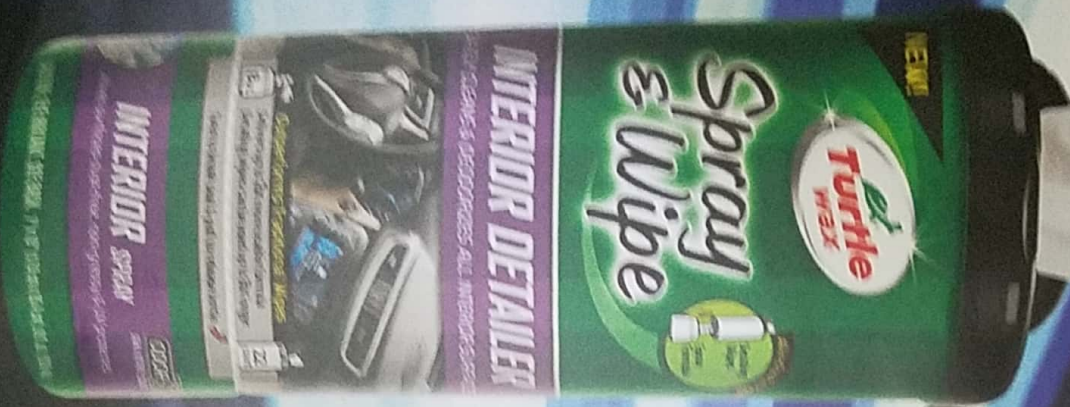

The Turtle Wax story started with the launch of the first-ever bottled car wax in 1944. Nearly 75 years later, the Most Innovative Brand in Car Care™ is still capturing the attention of the auto appearance category as the No. 1 selling brand in spray wax, car wash, carpet & fabric care, and more.

With product distribution in more than 90 countries, the Turtle Wax brand resonates around the globe, but the brand's heart remains in its hometown of Chicago, where award-winning innovation is developed to this day.

For an inside look at the brand's breakthrough product development process or how Turtle Wax supports car culture worldwide, visit [YouTube.com/TurtleWax](https://www.youtube.com/TurtleWax).

NEW! FOR 2019

NEW!
PATENT PENDING

Spray & Wipe

CAR CARE REIMAGINED

Turtle Wax continues to redefine the auto appearance category with the launch of Turtle Wax® Spray & Wipe – the first-ever car care product that combines the control and performance of the traditional spray trigger bottle and microfiber towel with the convenience of the automotive cleaning wipe.

Turtle Wax® Spray & Wipe all-in-one products clean, shine, protect and remove odors. The premium formula doesn't leave streaks or residue, and the high-quality detailing wipes won't lint or dry out. Simply twist the bottom of the package to break the seal and pull to release the bottle. Just spray, then wipe! When your cleaning task is complete, click the bottle back into place for compact storage.

POWER OUT![®]

ODDOR-X[®]

THE #1 CARPET & FABRIC CARE LINE

The POWER OUT![®] line uses Turtle Wax's exclusive ODDOR-X[®] Technology to renew and refresh interiors. POWER OUT![®] is formulated with the most powerful oxy micro-cleaners to clean even the deepest of stains on upholstery, carpets and hard surfaces. ODDOR-X[®] Technology seeks and destroys odors at their source and leaves behind a fresh scent. The POWER OUT![®] collection works together to restore cars to their freshest form.

A red car is shown from a side profile, reflecting a scenic landscape of mountains and trees. A yellow speech bubble is positioned above the car, containing the text 'QUICK & EASY' in bold, black, uppercase letters.

QUICK & EASY

#1 IN 1-STEP SOLUTIONS

Turtle Wax Quick & Easy® is the best way to save time and effort. These 1-step products use innovative technology to deliver maximum shine and protection in a fraction of the time. This exclusive collection is everything you need to care for your car, inside and out.

ICE[®]

CUTTING EDGE TECH FOR THE DISCERNING DETAILER

The pioneers of paint care are back with a brand new invention: introducing Turtle Wax ICE[®] with exclusive HYBRID technology that blends the best of both worlds from synthetic waxes and superhydrophobic sealants to ultra-rich foam conditioners and biodegradable detergents. Turtle Wax ICE has been an enthusiast favorite for more than a decade, with the original ICE Spray Wax with Smart Shield Technology[®] selling more than 2.5 million bottles in the U.S. alone. Now, the line has been upgraded to add three new products that continue to set the standard when it comes to shine and protection.

Carnauba

THE MOST SHINE SCIENCE ALLOWS®

The Turtle Wax® Carnauba line is infused with unique blends of tropical ingredients for a one-of-a-kind car care experience. Tri-blend technology ensures each formula glides on easily and provides effortless application in direct sunlight. Enriched with 3x more Turtle Wax® Carnauba to restore depth and luminescence to every exterior. Proprietary tropical fragrance, Caribbean Crush, truly takes your car on a tropical vacation.

JET BLACK®

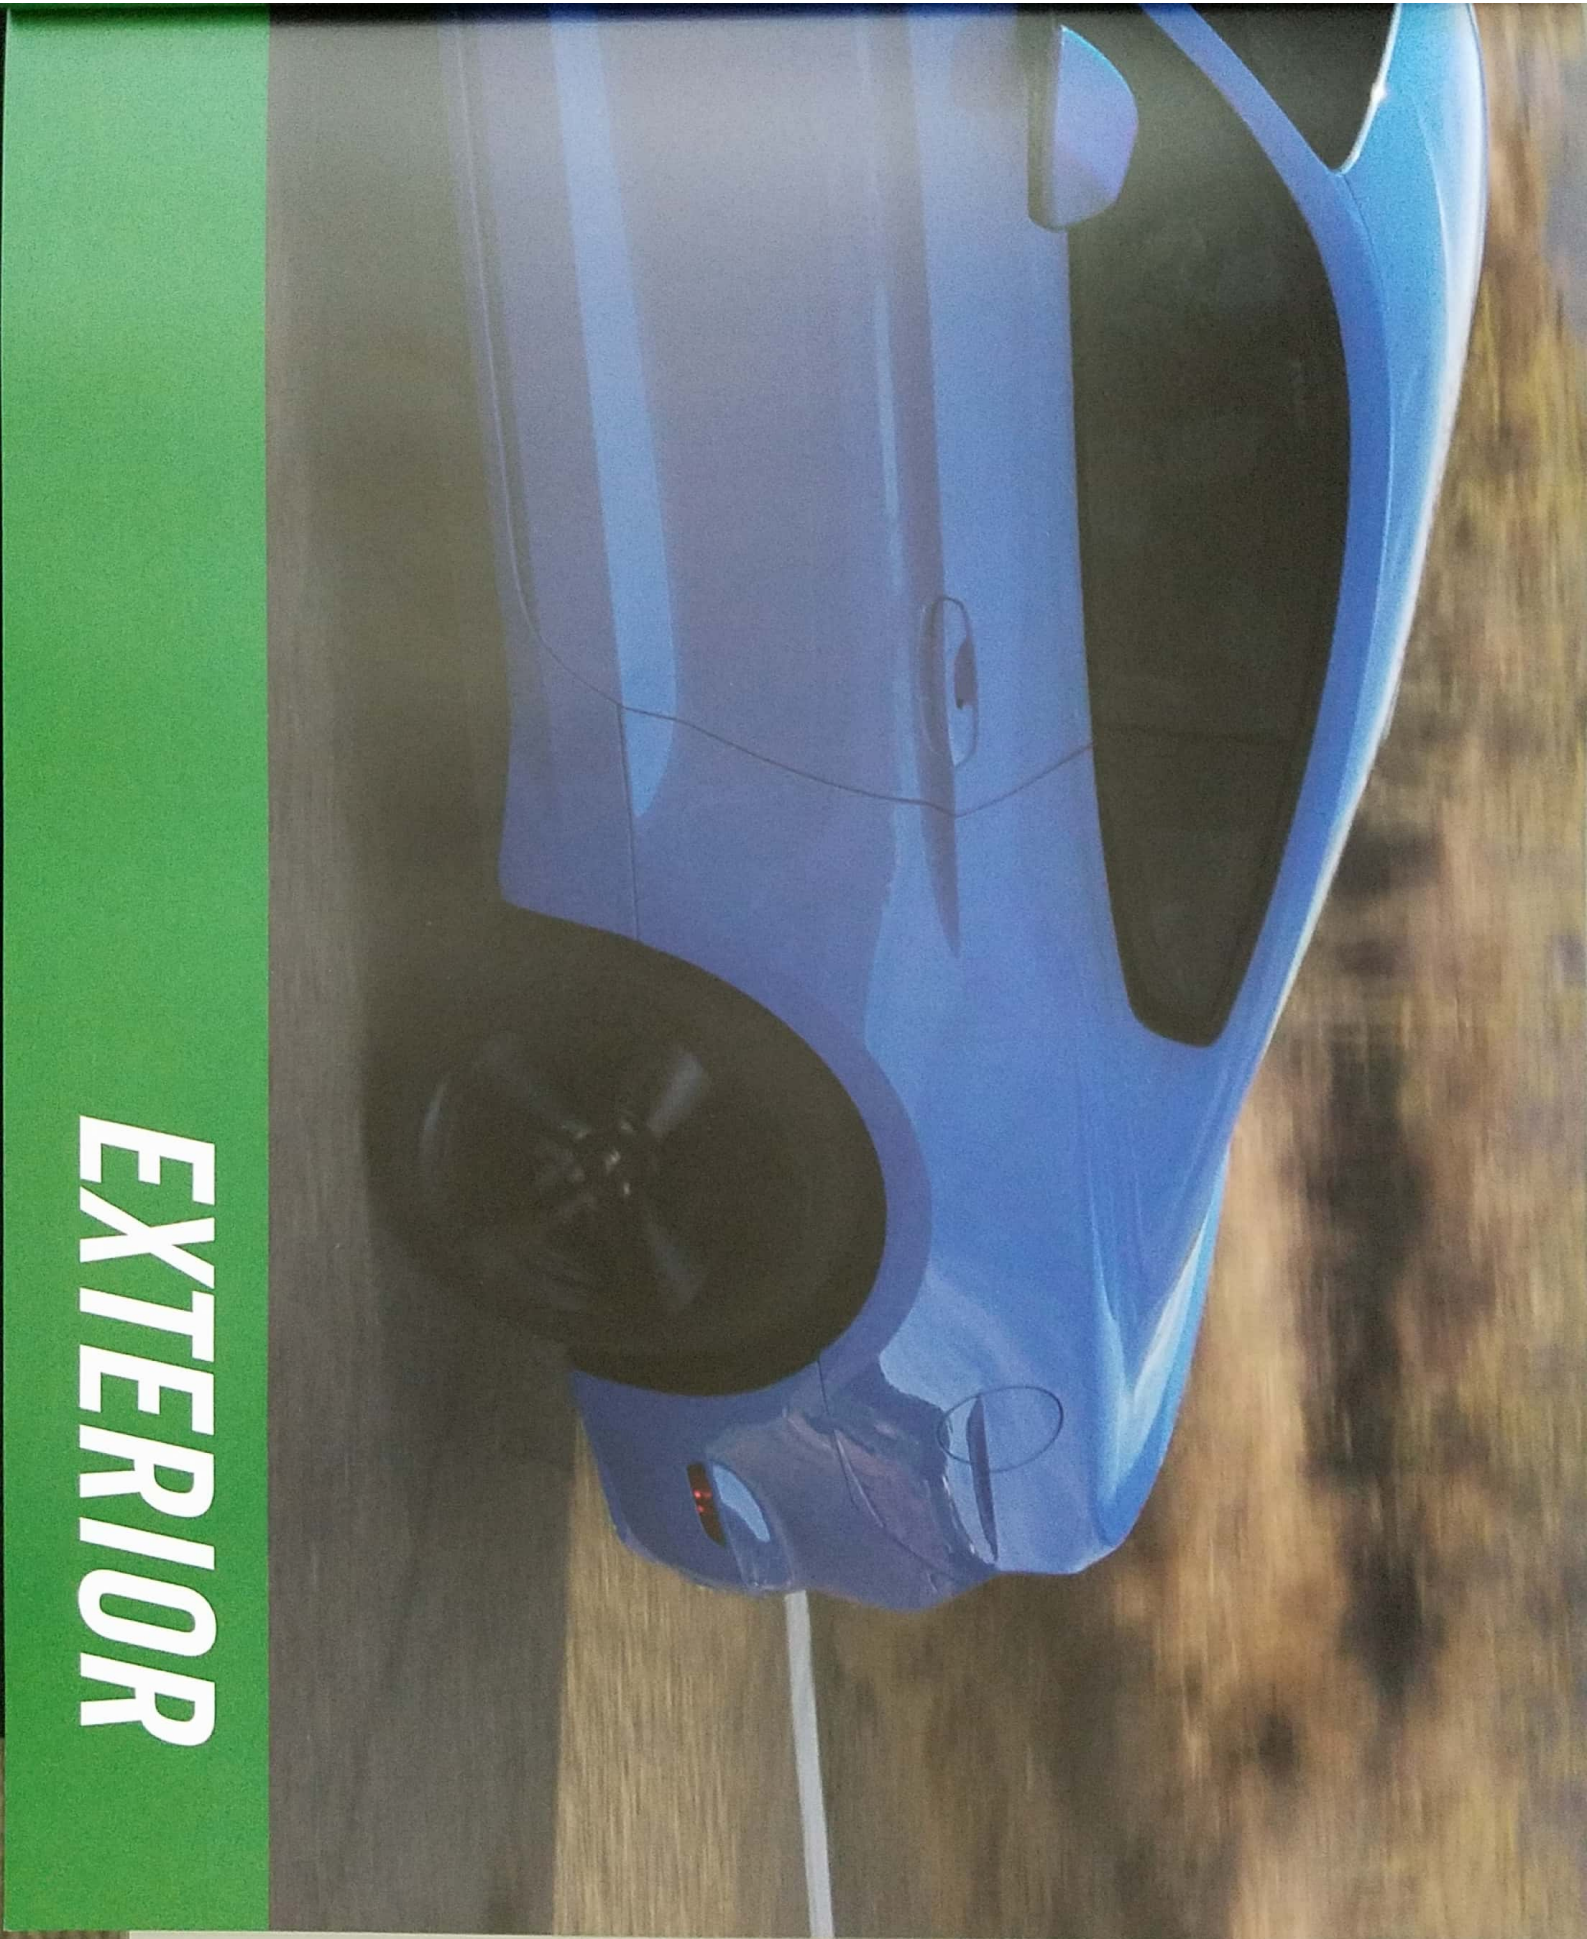

A DECADE OF DEPTH

Black cars look incredible... when they're clean, but black cars are notoriously prone to showing scratches and swirls over time. That's why more than 10 years ago Turtle Wax made it easy to keep black cars looking their best with a specialized line of products created specifically for black surfaces. Black Box®, Color Magic®, Black Spray Wax and Black Detailer use a proprietary black-tinted technology to fill in blemishes while deepening the mirror-like reflections. No other products make black cars look this sleek.

#SHINESQUAD

AN ELITE TEAM OF INTERNATIONAL AUTO ENTHUSIASTS

Members of the Turtle Wax Shine Squad® may be passionate about cars, but what really revs their engines is getting on the road and enjoying the drive.

Follow them as they put you in the driver's seat at some of the most incredible auto events and road trips around the world.

#TURTLEWAXJAMS

While the way music is listened to has changed over the years, from cassette tapes to CDs to streaming music, the love affair between music and cars has remained in sync. Turtle Wax is hitting the road with Jam in the Van this year, delivering new music to fans and keeping cars and tour buses clean along the way.

Jam in the Van is a solar-powered mobile recording studio and YouTube Channel that's changing the way the world discovers new music. Launched in 2011 as a backyard project inspired by a love for music festivals, Jam in the Van has since turned into a full-blown business venture. The company has filmed more than 1,000 bands in remote locations across the United States. With new sessions every day, Jam in the Van is the leading tastemaker when it comes to music discovery.

#TURTLEWAXGAMING

As the Most Innovative Brand in Car Care™, Turtle Wax is always looking for ways to connect with today's auto enthusiasts where they live, work and play. Enter Esports: the world of competitive video game playing, that draws on average over 260 million unique viewers globally. An early sponsor of elite esports teams and their star players, Turtle Wax harnessed their passion for gaming and cars to drive conversation about our breakthrough product innovations.
